

Trigonometric Equations

Section 1 - Starting Trigonometric Equations

Section 2 - Radians

Section 3 - Trigonometric Functions

Section 4 - The CAST Diagram

Section 5 - Trigonometric Exact Values

Section 6 - Solving Basic Trigonometric Equations

Section 7 - Trigonometric Equations Involving Identities

Section 8 - Reciprocal Trigonometric Functions

Section 9 - Equations with Reciprocal Trigonometric Functions

Section 10 - Equations with Hyperbolic Functions

Section 1 – Getting Started with Trigonometric Equations

Introduction to Trigonometric Equations

Graphical Interpretation of Trigonometric Equations

Section 2 – Radians

Starting Radians

Using Radians

Section 3 – Trigonometric Functions

The Unit Circle

The Unit Circle Definitions of the Trig Functions

The Graph of the Sine Function

The Graph of the Cosine Function

The Graph of the Tangent Function

Section 4 – The CAST Diagram

The CAST Diagram in Degrees

The CAST Diagram in Radians

Section 5 - Trigonometric Exact Values

Trigonometric Exact Values for Common Angles
Trigonometric Values for Multiples of Common Angles
Trigonometric Values for Reciprocal Functions

Section 6 - Solving Basic Trigonometric Equations

Categorising Trigonometric Equations
Solving Trigonometric Equations Using a Calculator in Degrees
Solving Trigonometric Equations Using a Calculator in Radians
Solving Trigonometric Equations Using Exact Values in Degrees
Solving Trigonometric Equations Using Exact Values in Radians

Section 7 - Trigonometric Equations Involving Identities

Trigonometric Equations with Double Angles Only
Trigonometric Equations with Double and Single Angles
Trigonometric Equations with Phase Shifts

Section 8 – Reciprocal Trigonometric Functions & Their Graphs

The Secant Function
The Cosecant Function
The Cotangent Function

Section 9 - Equations with Reciprocal Trigonometric Functions

Trigonometric Equations with Secant, Cosecant, or Cotangent in Degrees
Trigonometric Equations with Secant, Cosecant, or Cotangent in Radians

Section 10 – Equations with Hyperbolic Functions

The Hyperbolic Functions
Hyperbolic Function Identities
Solving Equations which Involve the Hyperbolic Functions
Solving Equations which Involve the Hyperbolic Function Identities
